REGISTRATION

Registration can be made on the prescribed form available on the conference website. The filled form should be emailed at imec@iepkarachi.org.pk. Payments for registration should be made through Pay Order in the name of The Institution of Engineers Pakistan, Karachi Centre and sent through mail to the IEP Karachi Centre Postal Address.

REGISTRATION FEE

Author/Presenter/Foreign Delegates	Gratis
Early Bird (Non Members) 15th Feb. 2020	PKR 2000 or USD 20
Early Bird (Members) 15th Feb. 2020	PKR 1500 or USD 15
IEP Members	PKR 2000 or USD 20
Non Members	PKR 3000 or USD 30
Students	PKR 1000 or USD 10
IEP Student Members	PKR 500 or USD 05

INSTRUCTIONS FOR AUTHORS

Authors are required to submit a detailed paper. Instructions to the authors are given at: <http://imec.neduet.edu.pk>. Papers can also be directly emailed at imec@neduet.edu.pk. Authors of accepted papers will be informed through email.

CONFERENCE TRACKS

The conference encompasses all areas of Mechanical Engineering, including (but not limited to) following:

- Power generation and Policy related matters
- Traditional and Renewable energy conversion
- Product and process optimization
- Additive manufacturing
- 3-D printing
- Automotive systems
- Artificial Intelligence
- Nano technology
- Materials Science & other related topics

CPD

PEC will award 1 CPD credit point to participating engineers as per their defined criteria

Chairman IEP Gold Medal will also be awarded to the best paper selected by the expert committee.

INTERNATIONAL MECHANICAL ENGINEERING CONFERENCE-2020

International Mechanical Engineering Conference (IMEC) is the flagship conference of Institution of Engineers Pakistan, Karachi Centre (IEP) and its organizing partner NED University of Engineering & Technology, Karachi. IMEC is being organized frequently for almost two decades. It has become a regular forum for researchers, students, and engineers to present and exchange ideas in latest technological advancements and innovations.

World is defined by the advances and innovations in different fields of Engineering and Sciences. The increase in the demand and large energy requirements, Mechanical engineers can be at the forefront of developing new technology for environmental remediation, housing, transportation, safety, security, healthcare and water resources.

Keeping in view of the contribution of Mechanical Engineering in the advancement in different fields, Institution of Engineers Pakistan, Karachi Centre and its organizing partner NED University of Engineering & Technology is going to organize the 10th International Mechanical Engineering Conference (IMEC-2020) on 3rd and 4th April, 2020 under the theme "Green Practices in Mechanical Engineering". The IMEC 20-21 will offer a wealth of resources regarding latest mechanical and industrial engineering activities and processes in the world. Extensive participation from scientists, engineers, industry managers, NGO representatives, legislators and policy makers is anticipated.

THE INSTITUTION OF ENGINEERS PAKISTAN (IEP)

The Institution of Engineers Pakistan (IEP) was established in 1948. It is the premier national body of engineers working for the advancement of engineering profession. It has head-quarters at Lahore and centers in all major cities of Pakistan as well as in Riyadh, Saudi Arabia, Bahrain & Tri States (New Jersey, New York and Connecticut). IEP has signed technical collaboration agreements with more than forty professional Engineering Organizations across the globe. IEP is also the member of six international / regional engineering bodies and has the honor to represent Pakistan at these forums. IEP Karachi Centre is the biggest center of IEP. IEP Karachi Centre has been organizing International Mechanical Engineering Conferences for two decades. In last year, 2019, a two days 9th International Mechanical Engineering Conference was jointly organized by IEP and NED University of Engineering & Technology.

NED UNIVERSITY OF ENGINEERING & TECHNOLOGY

NED University is one of the oldest engineering institutions in Pakistan. It offers Bachelors, Masters and Doctoral degree programs, aimed at preparing students to shoulder their professional responsibilities and enable them to contribute in research and development in related fields. Various seminars and conferences are held every year which not only provide practical exposure to students but also a platform for academia-industry collaboration.

DEPARTMENT OF MECHANICAL ENGINEERING (NEDUET)

Department of Mechanical Engineering strives to attain an ideal balance between theoretical instruction and practical exposure to mechanical engineering with the help of qualified faculty and several well-equipped laboratories. We aspire to offer an education that develops a firm foundation in mechanical engineering but allows the students to pursue their career goals in diverse fields. Our flagship B.E. program is the starting point for careers in several disciplines. With an enrolment of over 1000 students, this is one of the oldest and most valued mechanical engineering programs in the country.

GLIMPSES OF 9TH INTERNATIONAL MECHANICAL ENGINEERING CONFERENCE-2019

The Institution of Engineers Pakistan, Karachi Centre and NED University of Engineering & Technology had jointly organized the 9th International Mechanical Engineering Conference (IMEC-2019) on Friday 15th & Saturday 16th March, 2019 in collaboration with Federation of Engineering Institutions of Islamic Countries (FEIC), Federation of Engineering Institutions of South & Central Asia (FEISCA), Mehran University of Engineering and Technology, Balochistan University of Information Technology, Engineering & Management Sciences (BUTEMS), Pakistan Navy Engineering College-NUST, Dawood University of Engineering & Technology (DUET), and DHA Suffa University. The theme of the 9th IMEC was "Futuristics trends in Mechanical Engineering". The participation from national and international universities and organizations shared their valuable work in the conference.
