Faisal Bin Badar

Research Scholar (CDU)
MS-Electrical (NUST), MBA (IBA)

Strategist | Transformer |
Entrepreneur | Disruptor | Trainer

Speaker’s Profile:

Faisal is a research scholar at Charles Darwin University, Australia. He also teaches Strategic Leadership and Management at the post-graduate level. He possesses around three decades of multi-dimensional strategic leadership and operational levels professional experience in public service, higher education, engineering management, business world, and in training & consultancy. Few of his last professional designations in Pakistan were as former Associate Dean NUST, former Deputy Director Professional Development Center and Subject Specialist Lecturer for Entrepreneurship.

With his passion to transform the lives of people around him, particularly the underprivileged ones, and the professional acumen in Engineering, Technology, Business, and Education, he is aspired to bring the out-of-school school-age children in the mainstream. His research aim is to find ways to provide digital education at home to out-of-school children in an underprivileged context in Pakistan. He is also engaged in a project educating underprivileged children in remote/rural Pakistan.

CPD 

**0.5 Credit
Point**
