in collaboration with

Federation of Engineering Institutions of
Islamic Countries (FEIC)

Federation of Engineering Institutions of
South & Central Asia (FEISCA)

Higher Education Commission, Pakistan

Thanks /Acknowledgement

6th International Mechanical Engineering Congress (IMEC-2016)

jointly organized by:

The Institution of Engineers Pakistan, Karachi Centre

&

NED University of Engineering and Technology, Karachi,

Quaid-e-Azam's message to the first inaugural meeting of the Institute of Engineers Pakistan on 20th June 1948.

"If Pakistan is to take its proper place among the progressive nations of the world, it will have to take up a good deal of leeway in the realm of scientific and technical education which is so necessary for the proper development of the country and the utilization of its resources. The establishment of institution like the Institute of Engineers will greatly stimulate technical research and help in disseminating available information. The Institute of Engineers will not only benefit the engineers themselves by improving their technical knowledge but also bring lasting benefits to public services which they are called upon to perform. I wish the Institute every success"

The Organizing Committee of
6th International Mechanical Engineering Congress
