

SEMINAR ON

Breaking Barriers: Unlocking Engineering Potential

15th February, 2025

Are you a civil engineer looking to expand your career into online job opportunities? Join our Seminar designed specifically for women in civil engineering who want to succeed in the digital space from their home.

IEP believes that this program will not only empower women but also create a talented group ensuring future resource for the engineering fraternity. Join us and embark on an exciting journey to recommence your career!

UNLOCK YOUR
GLOBAL
POTENTIAL

What You'll Learn:

- Discover the best platforms to find remote projects in civil engineering.
- Learn essential software for managing online projects.
- Build a standout profile and portfolio to attract clients.
- Understand how to manage contracts, payments, and client relationships.

Why This Training Is for You:

- We understand the unique challenges women face in the engineering field and have crafted this program to support your success.
- Train at your own pace, with access to resources and live sessions designed for working professionals.
- By the end of the program, you'll be equipped to confidently pursue online civil engineering projects.
- Join a supportive group of like-minded women, share experiences, and collaborate on projects.

Who Should Attend?

- Women civil engineers looking for online job opportunities.
